THE CITY COUNCIL.

A Number of Important Measures Brought up for Consideration Tuesday Night.

Petition of Business Men for Electric Lights—Bids to be Advertised for Work-house Keeper.

Also Lease of Opera House—Station-house and Extension of Water Mains on Wilkinson Street Considered.

The School Board to Have Separate Corporate Powers.

Tuesday night the city council met, with Chairman Milam and all the members present.

Mayor Tobin announced in a message that he had approved the ordinance in regard to throwing trash on the streets, the resolution to pay Joe Joe Burkhardt \$100 for rent of the West End School building and the resolution in relation to the settlement with the Treasurer.

The following petition in regard to placing twenty arc lights at various points in the city was read and referred to the gas committee to report at the next meeting:

FRANKFORT, KY., Feb. 7, 1893.

To the Honorable Board of Councilmen of the City of Frankfort:

GENTLEMEN:—We, the undersigned, have carefully looked over the proposition made you by the Citizen's Co-operative Electric Light Company, to light the business part of North and South Frankfort with electric lights, and respectfully petition your honorable body to favorably consider the same, believing that this contract would be a very desirable one for the city, as this would give us electric light on the streets all night and every night at the same price we are now paying for gas for only a part of the night.

The following petitions were presented and severally passed upon, viz: Willis & Williams, colored, to transfer license to E. D. Williams; granted. Hudson, Humphries & Cassell praying a rebate on taxes of 1892; referred to finance committee.

D. J. Nickles & Co., to open a dry goods and notion store at Main and St. Clair streets; referred to the license committee with authority to act.

Dr. Sam. E. James, President of the Health Board, notified the council

that Dr. Alvin Duvall had been elected City Physician, and the matter was referred to the health committee.

Mr. Gray, from street committee, reported favorably to enforce the ordinance to prevent the leaving of vehicles on the streets and the report was adopted.

Mr. D. M. Woodson's claim for work in furnishing grades and lines for the street railway was reported by Mr. Gray and afterwards referred back to the committee.

Mr. James N. Miles, for the license committee, reported in favor of placing Mr. L. Tobin's and Mr. W. T. Reading's license at \$20 and of allowing Mr. Tobin a rebate on his present rate. It was adopted and Mr. Watson moved to appropriate the difference to pay Mr. Tobin, which was adopted.

Mr. Miles, from the same committee, moved that the license of the mill men to sell sash, doors, blinds and shingles be fixed at \$25. It was adopted.

Messrs. Dunigan & Nicol, on motion of Mr. Swigert, received an appropriation of \$25 for excess in their licenses.

Mr. John E. Miles, from the Work-house committee, moved that bids be advertised for the Work-house keeper, both under a lease and election system, and that the matter then be considered by the council at its next meeting. It was adopted.

Mr. Miles, of the same committee, recommended that the old house at the south end of the St. Clair street bridge be converted into a station house to detain offenders against the law until trial, and that the bridge keeper be made the keeper also of the station house. Mr. Gray then moved that the work house, bridge and police committees meet and take the matter under advisement and report to the council at its next meeting.

Mr. McClure moved that the city clerk be directed to advertise for bids for the lease of the opera house for two years from next July 1st. It was adopted.

Mr. Swigert moved that the tax-book for 1891, as well as that of 1892, be placed in the hands of the city marshal, and it was adopted.

On motion of Mr. Jno. E. Miles, the city attorney was requested to draft an ordinance for the election by the council of a street commissioner and defining the duties of such an officer.

Mr. Gray presented for the street railway and amendment to their charter which was referred with instructions to report at the next meeting.

Mr. McClure introduced a resolution to have the water mains extended 1,200 feet on the extension of Wilkinson street, and that the Water Company be directed to place three fire hydrants 400 feet apart on said extension. It was referred to the water committee.

Dr. Williams, president of the school board, addressed the council on a proposition to place a clause in the city charter that would give the school boards of third class cities corporate powers entirely distinct from the city government.

He said that other third class cities desired the same powers for their school boards and Mr. Watson, from the school committee, then made a favorable report on the proposed amendment, which, after much discussion, was adopted, and Judge George Drane, who represented Frankfort in the charter commission, was instructed to prepare a clause to be inserted in the charter as an amendment, in conformity with the committee's report. Two

copies of this school clause were ordered to be printed.

The council then adjourned to meet again next Tuesday night at 7 o'clock.

A Great Benefactor.

"Educators are certainly the greatest benefactors of the race, and after reading Dr. Franklin Miles' popular works, we cannot help declaring him to be among the most entertaining and educating of authors."—New York Daily. He is not a stranger to our readers, as his advertisements appear in our columns in every issue, calling attention to the fact that this elegant work on Nervous and Heart Disease is distributed free by our enterprising druggist, J. W. Gayle. Trial bottles of Dr. Miles' Nervine are given away also a book of testimonials showing that it is unequalled for nervous prostration, headache, poor memory, dizziness, sleeplessness, neuralgia, hysteria, fits, epilepsy.

A DAMAGE SUIT

Against the Louisville and Nashville Railroad Filed by Mrs. Alford Powell.

Monday, Mrs. Alford Powell, of this city, who, with her husband keeps a boarding house on North St. Clair street, in the house Mrs. Freeman formerly occupied, filed a suit in the clerk's office of the circuit court, for damages in the sum of \$25,000, against the Louisville and Nashville Railroad Company. Her attorneys, John L. Scott & Son, in the petition, allege that on January 20th last, Mrs. Powell, while walking at the depot of the railroad on Broadway, slipped and fell on the ice and permanently injured herself in body and health. The accident, the plaintiff says, was the result of the defendant's negligence, for which reason the plaintiff seeks to recover the amount of the damages set out. The case will be called for trial before Judge Cantrill at the next term of the circuit court.

Badly Missent.

A letter was received at the post-office in this city a few days ago which was posted at some town in Germany, addressed to a person in Frankfort, Germany, and sent all the way to this place by mistake. Our post-office officials are roundly cussed for missending letters to towns only a few miles away, and there is no telling what the writer of the above letter would not say if he knew the blundering fellow who sent his missive all the way across the Atlantic.

A Great Improvement.

The placing of the electric lights on the St. Clair street bridge is such a great improvement that even our neighbor of the Argus, if he lived on the South Side of the river, would be compelled to admit that the last council did at least one good thing during its official life.
